Root King

Humic 98% Enrich with Fulvic Acid

- Increase nutrient uptake.
- Decreased toxins.
- Increase water retention.
- Improved microbial growth.
- Better overall soil structure.

Silk

Disinfectant and Stress agent

- Reduce fungal, bacterial, viral
- disease and sucking pest attack on crop.
- Supplies and increase the availability of nutrient to plant.
- Stimulates plant growth under stress condition.
- Reduce leaf transpiration rate through stomata opening.
- Increase the resistance power of crop.

PACK SIZE

250 gm

R.RATE

MRP

650/-

Silon

Disinfectant and Stress agent

- Reduce fungal, bacterial, viral
- disease and sucking pest attack on crop.
- Supplies and increase the availability of nutrient to plant.
- Stimulates plant growth under stress condition.
- Reduce leaf transpiration rate through stomata opening.
- Increase the resistance power of crop.

Aminox

Enrich With Amino Acid

- Have a rapid absorption, translocation and metabolization.
- They act as catalysts of protein synthesis.
- Peptides form a permeable layer that serves as a support for pesticides and water stress.

PACK SIZE

Kaiso

Enrich With Seaweed Acid

Alginic acid in seaweed liquid can reduce the surface tension of water, forming a layer of film on the surface of the plant, increasing the contact area, water-soluble substances are relatively easy to penetrate the surface cells of stems and leaves.

PACK SIZE

X-X-X

Wild Animal Repellent

- Repelling wild animal.
- Promoting growth of plant.
- It provide the protection against harmful soil borne pest.
- X-X-X liquid repellent can be sprayed on the field crop.
- Its repellent effect remain for 15-20 days.
- No adverse effect on standing crop.
