WE ASIAN KIDS PRESCHOOL

We Asian Kids believe that there is nothing more rewarding than nurturing and shaping the little minds of our future. We Asian Kids Preschool provides an excellent introduction to the world of education for your child. We encourage them to develop their natural abilities through play which includes the uses of sand and water tables, role play areas, construction equipment, computers, Robotics Fun time, Indoor Play area and many more.

ASIAN KIDS CURRICULUM

The curriculum is planned in order to provide a framework for the kids. Children are active learners, and they learn primarily through play. With that philosophy in mind, the curriculum was created. We Asian Kids follow the fastest growing international educational methodologies in the world - MONTESSORI, WALDFORD and PLAYWAY method. In the concept of Asian kid's children's classrooms, an overall atmosphere of happiness prevails with vibrant and fun classroom, flexible and affordable package, and innovative techniques for learning. Children adopt basic skills, knowledge, and abilities from numerous concept rooms based on their age and abilities.
